THE GLOBAL PROTECTION FORMULA

Technical clothing perfect in every detail: comfort, stretch and heat control, studied for the perfect protection of all sports enthusiasts.

Only passion and concentration remain in the race, right to the finish line and victory.

Winter pro underwear.

A premium collection designed to support your muscles and protect the most exposed areas of your body. Technological fabrics that are more lightweight in the areas of greatest perspiration, allowing for perfect breathability. High elasticity designed to adapt to your movements during extreme performance.

- 02 Differentiated mesh structure: maximum breathability
- 03 Compact protection structure: retains heat
- 04 Elastic support: high density
- 05 Light compression: better circulation

PROTECH FORMULA

Every athlete has a goal to achieve, and depending on the sport, they also have specific requirements that need to be met. That's why we've designed 'Protech Formula', technology that can highlight the performance of every single item of clothing, allowing each athlete to choose the exact level of comfort, thermal protection, breathability, drying speed and odour control that they need.

'Protech Formula', innovation supporting performance.
